FACULTY
OF HUMANITIES

Digital Humanities Consultation Hours

Please send us the questionnaire, completed as far as possible, before your appointment.

Basic data

What is the (provisional) title of the project?

In which subject (and department) is the project located?

Who is involved on the part of the University of Hamburg?

Project in general

Which questions does the project pursue?

Which methods (especially in the digital domain) shall be used to answer the questions?

Which data shall be used?

From which period do the relevant materials originate?

How large are the materials to be processed?

Are the materials already available in digital form?

Yes No

If so, in what format?

Planned project results

How exactly should the digital results of the project look like?

Are there already similar projects that can serve as models?

Schedule and funding

When is the project scheduled to begin?

What is the planned duration of the project?

Should an application be submitted to fund the project?

Yes No

If so, until when should this be submitted?

Does funding already exist?

Yes No

If yes: Who is the funding body?

If not: In which funding line should the application be submitted?

Existing competencies and needs

What previous digital-methodological knowledge and competencies are already available in the team?

What digital-methodological knowledge and competencies are specifically needed?
